

# Reflection Prompts

- **Describe your project(s)**
  - What is the simplest explanation of your project?
  - How have people been using it?
  - How does this project relate to other things that are happening in your school?
- **How is this project benefiting your school?**
  - Why is this project good?
  - What will this project look like in 3 years?
  - How will this project make students and staff feel?
  - How does your project support students to connect and build relationships?
  - What new skills have you gained?
  - How would you improve your project?
- **Sharing your project(s)**
  - How has your class shared this project with others?
    - With who?
  - How will you measure success?
  - How will you celebrate your work?

# Celebrating

We encourage you to think about how you will celebrate the work of your groups. To apply and receive a grant is a big deal and we hope you can find ways to recognize and celebrate the hard work of your students. Some ways you could celebrate this achievement could include:

- A grand opening of your project.
- A school or community event.
- Sharing the news through announcements, newsletters, social media, and the news.
- A celebration party for the student group.
